Subject: Heads-up Important Review

Good Morning Everyone,

We wanted to give you advanced notice of an upcoming IRIS product IOAA review that will need to adhere to a tight timeframe. We are preparing for the public release of the inorganic arsenic systematic review protocol:

Deliberative Process / Ex. 5

Hopefully Megan can confirm that you have seen this email and that this review is on the IOAA radar 😊. We deeply appreciate your support and understand that the constant flow of our products does add a significant burden to your already impossible workload.
